USEA AMERICAN EVENTING CHAMPIONSHIPS at The Kentucky Horse Park

PARTNERS

The United States Eventing Association (USEA) is the national association for the sport of eventing. Founded in 1959 the USEA has served to preserve, grow, and educate the Olympic sport of eventing. The USEA has contracted Equestrian Events, Inc. (EEI) and Mary Fike to run the AEC in 2026 - 2028.

Equestrian Events, Inc. (EEI) is a non-profit Kentucky corporation formed in 1975 initially to stage the 1979 World Three-Day Event championships at the Kentucky Horse Park. EEI is the organizer of the legendary Defender Kentucky Three-Day Event. Mary Fike is the organizer of Spring Bay Horse Trials, Park Equine Kentucky Classique Horse Trials, and Hagyard Midsouth Team Challenge, each held annually at the Kentucky Horse Park.

The Kentucky Horse Park is one of a kind, and truly an iconic venue for the sport of eventing. Situated on over 1,200 acres, the Kentucky Horse Park is widely known as the state's leading tourist attraction, serving nearly one million visitors annually. It features various museums, memorials, and priceless equine artifacts and exhibits from around the world, including life-size statues and sculptures of many famous equine champions. The Park maintains world-class facilities, many of which were built for the 2010 Alltech FEI World Equestrian Games (WEG).

USEA AMERICAN EVENTING CHAMPIONSHIPS

at The Kentucky Horse Park

OVERVIEW

The USEA American Eventing Championships (AEC) is the national championships for the sport of three-day eventing where amateurs, juniors, and professional riders alike compete at any level from Starter through Advanced. Sponsors have the chance to reach an expansive market with on-site branding, media exposure across USEA platforms, email campaigns, and coverage from outside outlets that attend. Sponsors also have the chance to have a trade fair space in exclusive shopping village.

KEY SUCCESS FACTORS

In 2021, the AEC at KHP ran nearly 1,000 horses and has become an established, prestigious Championship. The AEC is now recorded as the largest eventing competition in North American history, and largest in the world, outside of the UK, in terms of the number of competitors.

In 2025, the AEC moved west to Galway Downs in Temecula, CA and will now return for another three-year rotation at the iconic Kentucky Horse Park for 2026, 2027, & 2028.

WHAT IS EVENTING?

Eventing is best described as an equestrian triathlon. The sport originated as a cavalry test and is comprised of three phases: dressage, cross-country jumping, and show jumping.

Held across multiple days, eventing is one of the few Olympic sports where men and women compete alongside one another as equals. The AEC includes juniors, amateurs and professionals alike.

DRESSAGE

shows the graceful partnership of horse and rider through a sequence of movements on the flat, receiving marks from judges.

CROSS-COUNTRY

challenges the pair's bravery, fitness, and determination as they navigate a timed course with a series of solid obstacles and varied terrain.

SHOW JUMPING

tests a pair's precision as they clear a course of delicate fences, incurring penalties for knocked/fallen rails.
